

## Product ID VED/0062

### Description

**Victoria 40** Hostile Vehicle Mitigation Stainless Steel Planter. A robust stainless steel construction, supplied with an integrated galvanised mild steel liner. The planter is fitted with 2no. CT40 N2/01 Counter Terror Bollards (Product ID: VED/0011) supplied. Galvanised mild steel planter and provision for a water reservoir and overflow drainage. The Townscape Counter Terror Bollards are PAS68:2010 test-ed to the following classification:

**40mph Test: V/7500/[N2]/64/90:4.0/16.7 .**

Available in a Range of RAL Powder Coated Colours. Bespoke sizing also available.

### Installation

Fit PAS 68 elements to specialist instructions. Lift planter into position. Bolt planter to surface. Once positioning is correct lower liner over the PAS 68 elements into the plant-er. If required ensure below surface drainage immediately adjacent to the PAS 68 Elements. Fit filter membrane to the plant liner. Add 150mm of pea shingle to the bottom of the liner. Add additional water reservoir if needed. Plant the liner using the specified medium and plants from the horticultural specialist.

Ensure proper drainage underneath any surface mounted planters, e.g holes through the surface material deep enough to reach a permeable material layer to allow water to percolate away.
