

Product ID **PLT/ 0143FLT**

CORTEN PLANTER

Description

Corten Planter 1500x1000x1000mm. With integrated sub frame to allow mechanical movement when fully laden. Complete with Galvanised mild steel liner and provision for a water reservoir and overflow drainage.

Installation

Surface should be flat . Lift planter into position. Once positioning is correct lower liner into the planter. Fit the Corten top strips as indicated. Place up to 300mm from the base of the liner with Ter-ram 1000 or equivalent. Add 150mm of pea shingle to the bottom of the liner. Add additional water reservoir if needed. Plant the liner using the specified medium and plant from the horticultural specialist.
